ABOUT US

At FoxFury, we create premium lighting tools that shine brightly in the most extreme environments to keep people safe.

Our Xtremium™ products focus on durability and speed, providing unique solutions and possibilities for first responders, enterprise professionals, and videographers in over 95 countries. There is no second chance when it comes to getting the correct lighting.

When seconds count, depend on FoxFury.

WE EXIST TO KEEP PEOPLE SAFE

“We work in a team environment within law enforcement and have used the Nomad 360 portable lighting system in both rural and urban settings since 2021. The simplicity of set up, light weight of the product and shoulder strap make this an easy choice for emergency operations where light is required. There are various brightness levels, and the light can be altered from flood to spot with ease. Further, the light can run off 12V from a vehicle should the battery begin to drain, prolonging the life/use. I would highly recommend this product.”

- Paul D., Law Enforcement Officer

“I recently purchased the Structure Fire Lighting Kit. The combination of lights is impressive and they work great for identifying victims of vehicle accidents at night. I would gladly recommend them to fellow firefighters!” B.R. - Firefighter

“The Exolander Landing System is perfectly designed for my EVO II Pro RTK! The landing pads are very stable and easy to attach to the EVO. The system keeps the camera gimbal off the pad approx 3-4”. Great hard-points for mounting my D3060 Lights. Great product ! I would recommend buying one for your EVO II”

-Eugene B Enfinger - Drone Operator

“This review is about the Command+ Tilt helmet light. I purchased it at a Fire School Convention in the beginning of my Fire Dept career. Fast forward 14 years, this light has withstood numerous fires and everything else we deal with on the job. It has always worked and is always bright. Lights up an area so well that I got called a walking light tower on many of scenes. I have and will continue to recommend to every first responder this amazing light from FoxFury.”

-Justin Duncan, Firefighter

NOMAD® NOW

3,300 LUMENS

Most compact and versatile scene light

FEATURES

- ❖ Collapsible easy carry handle
- ❖ Mounts to magnet (included) and tripod
- ❖ Remote activation (included)
- ❖ Rechargeable Li-Ion Battery System
- ❖ 8.7 in (221 mm) tall and 4.5 lbs (2 kg)

Nomad® NOW Scene Light:
Multi-Activation (200-400-100)
Nomad® NOW Scene Light:
Single Activation (200-400-102)

NOMAD® PRIME

5,600 LUMENS

Best spotlight with built-in tripod legs
with High CRI 90

FEATURES

- ❖ Spotlight and area light all in one
- ❖ Rechargeable Li-Ion Battery System
- ❖ Fully deploys to 8 ft (2.4 m)
- ❖ Weighs 18.4 lbs (8.3 kg)
- ❖ Red Diffuser Lens included

Nomad® Prime (200-800)

NOMAD® 360

NOMAD® 360

8,800 LUMENS

Best self-contained 360° scene light with High CRI 90, 5700K

FEATURES

- Spotlight, area light, and 360° scene light all in one
 - Rechargeable Li-Ion Battery System
 - Fully deploys to 8.5 ft (2.6 m)
 - High CRI 90, 5700K
 - Color Bands included
- Nomad® 360 (200-900)

NOMAD® TRANSFORMER®

17,600 LUMENS

Most powerful scene light with modular Power Pack and High CRI 90, 5700K

FEATURES

- Modular design
 - Rechargeable Li-Ion Power Pack, can be swapped out for continuous power
 - Fully deploys to 12.9 ft (3.9 m)
 - 3.3 ft (1.0 m) extension pole available
 - High CRI 90, 5700K
- Nomad® Transformer (200-1200)

NOMAD® N32

NOMAD® N56

2,700 LUMENS

Most compact & versatile production light
with High CRI 95

FEATURES

- ❖ Color Temperature: 5600K
- ❖ Magnetic Mount (included)
- ❖ Remote activation (included)
- ❖ Rechargeable Li-Ion Battery System
- ❖ 8.7 in (221 mm) tall and 4.5 lbs (2 kg)

Nomad® N56 Production Light (200-4N56)

Color Accessories can be used to help mark key locations and identify places of significance such as parking areas, entrances and exits, command posts, staging zones, or triage areas.

COLOR BANDS

FEATURES

- For use on Nomad® 360 (included)
- Set includes five silicone bands: Red, Orange, Yellow, Green, and Blue
- Lightweight, flexible, and durable

Color Bands (85-070)

DIFFUSER CAP & COLOR BANDS

FEATURES

- For use on Nomad® Prime and P56
- Set includes one diffuser cap and five silicone bands: Red, Orange, Yellow, Green, and Blue
- Bands store inside the cap when not in use
- Lightweight, flexible, and durable

Diffuser Cap & Color Bands (85-080)

DIFFUSER LENS

FEATURES

- For use on Nomad® Prime
- Available in red (included with Prime) and amber

Diffuser Lens in Red (85-050)

Diffuser Lens in Amber (85-052)
